MOUNTAIN RESCUE CENTER FOR SAFETY AND TRAINING

start of the project in 2003

Mountain Rescue

Medicin

Water Rescue

Fire Fighting

Police Mission

High Rescue

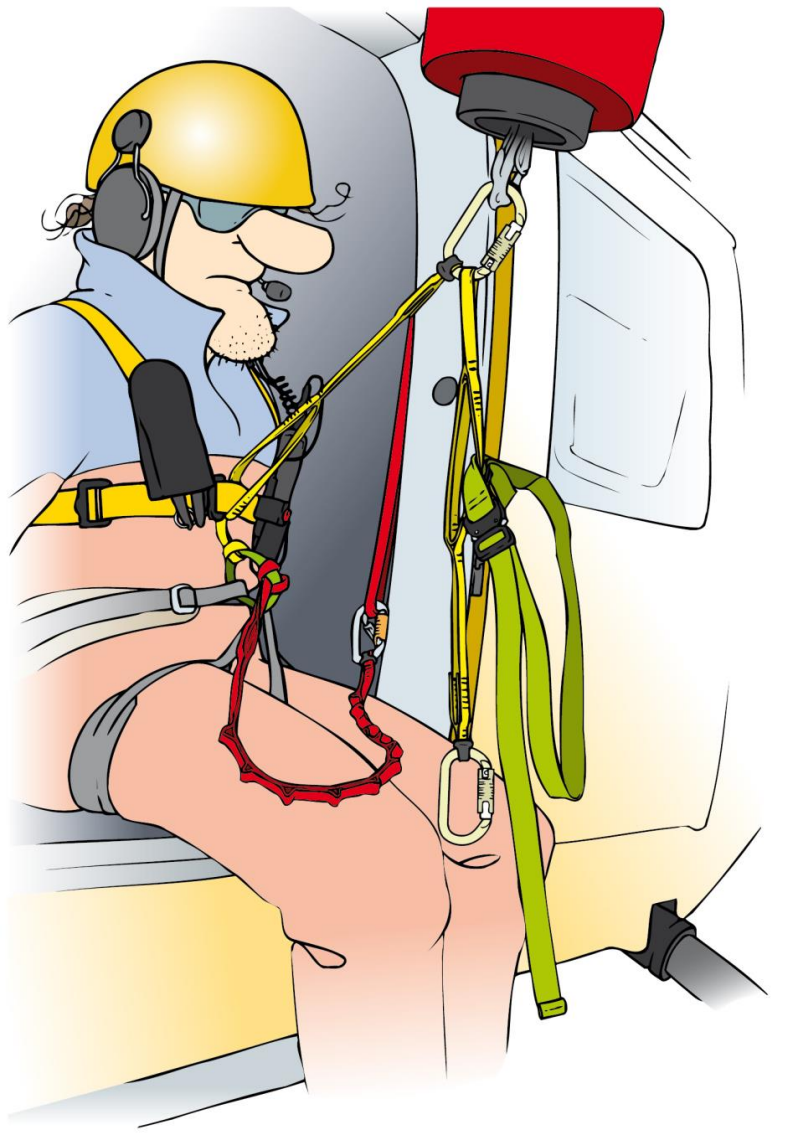

Partner for safety

Fachbeirat Gebirgsluftrettung Bayern

basic of safety – standardization!

„fight as you train“

Reality

Simulation

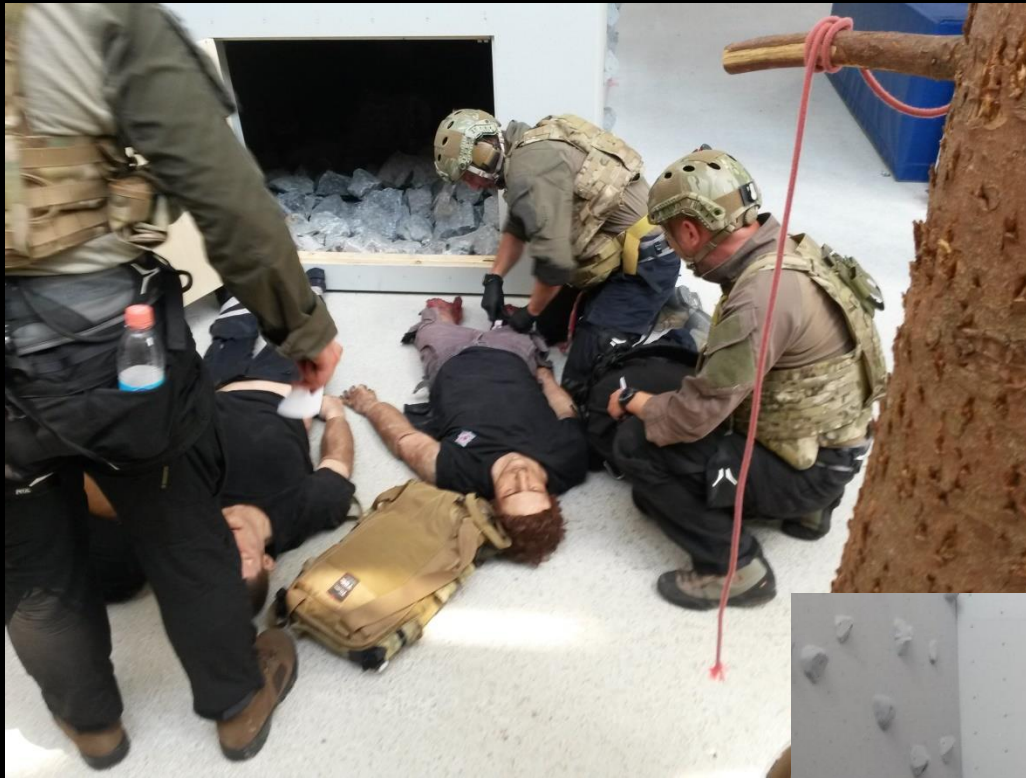

water rescue

special forces / police and army

special forces / medical training

Two types of simulators

NEW HELICOPTER HOIST TRAINER

AMST[®]
AMST-SYSTEMTECHNIK GMBH

ALL HELICOPTERS INCLUDED

DIFFERENT TRAININGS

the „chain“ of rescue mission / reality and simulation

Why Simulation Training?

- chance of standardization for all involved people!
- learning step by step / chance to prepare your brain muscle
- Training every year / all procedures
- intensive Training / 10 times higher
- direct feedback
- independent of any other conditions
- reduction of risk and danger
- close to reality
- save cost
